At the conclusion of the entertainment, an informal reception will be given, honoring the state president, Mrs. W. H. Sharp, of Columbus, and other officials.

### CHEAPER PAVEMENT IS SOUGHT BY THE NINTH-ST RESIDENTS

L. W. Merrell, one of the enthusiastic boosters for the pavement of south Ninth-st, states in a communication Tuesday that the intention of the people boosting for the street, is to change the original petition to a cheaper pavement that will not be so hard on the property owners. He said that in case they should fail to complete the cheaper petition for the satisfaction of the council, then the original petition would stand as it is.

Mr. Merrell said that there was quite a little misunderstanding on that point among the property owners on south Ninth-st, and that it was causing some trouble for the men circulating the petition in favor of the street.

The original petition called for a wider street paved with asphalt. The prices of asphalt are said to be so high now that it would be unreasonable to think of using it for the pavement. It is planned to present a new petition calling for a 26 foot street, paved with concrete, reinforced by steel. Then, according to Mr. Merrell, if the new petition fails to go through, the people on south Ninth-st can still fall back on the original petition.

The South Lawn fifth graders defeated the Sycamore sixth graders Monday night on the South Lawn diamond by the score of 20 to 14. The batteries were South Lawn, J. Huffman, c and Latier, p; Sycamores, Wilson and Hostet.

### ENTERTAINMENT IS POSTPONED

Superintendent E. C. Welker, of the Plainfield high school, announces that the entertainment which was to have been given Friday night April 22, by the high school has been postponed indefinitely.

WASHINGTON, April 28.—The war profit principle among middlemen in business is causing industry to lag, putting a clog upon the people's spending power and causing discontent among laboring masses and the government, studying business readjustments, finds profiteering still at the root of much of the existing depression and inaction in business, it was asserted today by Comptroller of the Currency Crissinger.

Labor cannot justly be expected to make wage sacrifices if profiteers among middlemen and retailers generally combine to keep the cost of living high, by prices admittedly unreasonable, Comptroller Crissinger said. He declared there is a vital need for readjustment of wages, but that labor will be found unwilling to suffer wage cuts, if middlemen's profits, which are eventually paid by the consumer, are kept at the extortionate present levels.

"There is ample proof that no proper relation exists today between production costs and consumers' costs," said Crissinger. "Food, clothing, housing and practically everything else people have to buy, are affected. How can we, as a nation of businessmen, expect wage earners to agree to a reduction, while the middlemen not only passes on his losses to the consumer, but exacts an unreasonable profit on replacements?"

Comptroller Crissinger said government officials, worried over the upsets to business and trying to find remedies to boom industry, are amazed to find such widespread taking of unfair profits.

The entire combination of manufacturers, jobbers, wholesalers, retailers, laborers and others are at present operating to defeat the normal laws of supply and demand, Crissinger contends.

A "consumers' strike" of alarming proportions is in evidence, according to the comptroller's report.

The wide differences between cost of production and cost to the consumer is the main reason for the "waiting attitude" of the public in general, Crissinger holds that a change in this attitude cannot be expected until various "interests" abandon high profit policies, and make such sharp reductions that the public will be stimulated into buying something more than it absolutely must have.

### ROSCOE ALUMNI TO BANQUET AT PARK HOTEL FRI. NIGHT

The Roscoe alumni banquet will be held at the Park hotel Friday evening honoring the eight senior members of the Roscoe high school who are to graduate this evening. All members of the Roscoe alumni association are invited to be present at Friday night's activities. A splendid program has been arranged by the committee in charge and this is expected to be one of the biggest affairs in many meetings of the alumni.

Owing to the fact that many of the members of the alumni have not received their invitations as yet, the committee in charge of the affair cordially invites each alumnus to be present.

### BAKERSVILLE HAS GOOD BALL TEAM

The Bakersville baseball team is scheduled to play the Isleta Cleaners on the Bakersville diamond Saturday afternoon. The Newcomerstown Clow Strollers have asked for a game with Bakersville on Saturday.

The Bakersville club is composed of 15 baseball men. The ball team is a fast aggregation.

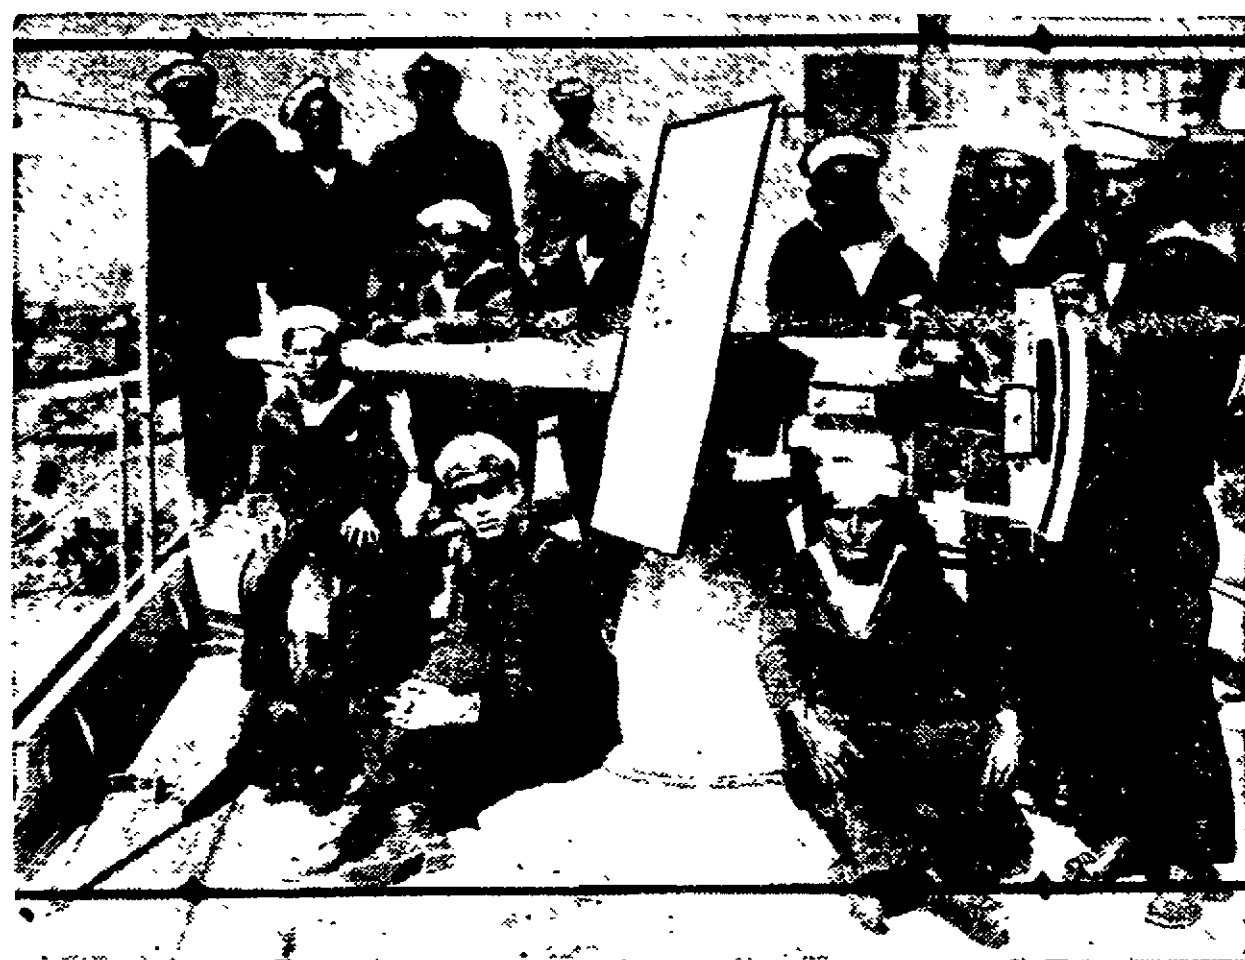

Bakersville shut out the Strollers twice last year and won two out of three games with them.

### JOHN LENNON IS ADJUDGED INSANE

John C. Lennon, Adams-st has been adjudged insane and will probably be committed to the Massillon asylum for the insane. His examination was conducted by Drs. H. R. and L. C. McCurdy.

Lennon has just recently returned from Columbus, where he was confined to the McMillen Sanatorium for seven weeks. This attack came upon him gradually. He was greatly depressed and had a fear of some one doing him bodily harm.

The M. S. Mayo, first of the thirty-five submarine chasers sold to Mexico, with its Mexican crew.

Uncle Sam has just delivered the first of thirty-five standard 110-foot submarine chasers. The first ship so delivered is the Mayo. The crew of the ship has been equipped with American-made uniforms also. With the delivery of the rest of the ships Obregon's navy will be considerably Americanized, as the picture indicates.

### PRES. HARDING REVIEWS SHIPS OF U. S. FLEET

Half A Hundred Battle-Craft Steam Past The Presidential Yacht In Hampton Roads Today—Air Is Pierced By Planes Of War

HAMPTON ROADS, VA., April 28.—Grim and hardy looking from the weeks spent in strenuous war maneuvers in southern waters, the Great Atlantic Fleet swung majestically in review thru Hampton Roads today before President Harding, the new commander-in-chief of the nation's armed forces.

Half a hundred warships, headed by the super-dreadnaught Pennsylvania, one of the greatest of her class afloat, made up the long line of steel which steamed up the Roads and slowly passed the trim little Mayflower, from which the president and his party viewed the magnificent spectacle.

The Pennsylvania also is the flagship of the fleet and bore Admiral Henry B. (Tug) Wilson, the commander-in-chief.

Close on the heels of the Pennsylvania came eleven other capital ships, their colors flying, their crews standing smartly at the deck rails, in salute, as they steamed by.

Then came forty other war craft—pert little destroyers that performed such notable feats in the infested waters of the North Sea and the snaky looking submarines that are their natural prey. Supply and fleet auxiliary vessels made up the rest of the long procession.

As each ship came abreast the Mayflower, her armament boomed out the presidential salute of 21 guns. The Pennsylvania came first, then the Great Guns shattering the quietude of the Roads. At the Pennsylvania's greeting the smaller guns of the Mayflower barked an answer, but thereafter they remained silent.

As ship after ship went by, guns speaking, the air was filled with the crash and roar of the heavy fire, reminiscent of the days on the western front.

The president took his first fleet review standing on the bridge of the Mayflower. Just below him on the deck were Mrs. Harding, Senator and

### ELEVEN FINISH AT KEENE HIGH WITH '21 COMMENCEMENT

The auditorium at Keene was filled to capacity Wednesday evening for the annual commencement exercises, in which eleven boys and girls completed their work and received diplomas.

The program, in which each graduate took part, was the equal of any presented at a similar occasion in the history of the school. Music was provided by the Knights of Pythias orchestra, of Coshocton, under the direction of Ortelio Frederick. Miss Minnie Bible and David Dawson, of Coshocton, provided vocal numbers, accompanied by the orchestra.

The Rev. Joseph A. Speer, of the First Presbyterian church of Coshocton delivered the class address. His part of the program was highly entertaining and instructive.

Miss Miriam Whittemore was class salutatorian. The class history was delivered by Lester Boyd, who paid a tribute to the memory of Alva McCaskey, a member of the class whom death removed.

Miss Marie Craig's oration was on "Youth, What Are You Going to Do With It?" Charles Karr spoke on "Farming" as an art and occupation.

Walter Overholt was class poet, reciting an original poem of much worth. Oscar Fender's oration was on the subject "Evils Men Do Live After Them."

John Emerson's class growler took a fling at almost everybody and everything connected or associated with the town or school. Earl Eberwine gripped the audience with a masterful delivery of his address on "Habit Forming, Character Building." Myron Karr contributed a vocal solo, "Till Take You Home Again, Kathleen."

The class program delivered by Miss Wilma Adams was unique. It was followed by the address of the valedictorian, Miss Mildred Klein, whose excellent poem added a pleasing touch to the work of the class.

District Superintendent J. C. Wright presented the diplomas with appropriate remarks addressed to the class and the people of the community.

A feature of the event was the "Senior Jollies" distributed by the Junior class as a barique on the commencement program. One of the pamphlets was placed in the hand of each member of the audience by ushers, who were juniors.

Prof. A. A. Barton was principal of the Keene schools during the past year.

### Maryland Man Is Fined For Drinking

James Burns, claiming Cumberland, Maryland, as his residence, pleaded guilty to a charge of intoxication before Mayor W. S. Tish Thursday morning and was assessed a fine of \$10 and costs.

He did not have the money to pay the fine, so was released upon condition that he leave town at once.

### Discount Rate Lowered

LONDON, April 28.—The discount rate of the bank of England was reduced today to 6 1/2 per cent.

### HOME SHORTAGE ALREADY ACUTE IS INCREASING

High Prices Of Labor And Materials Prevent Needed Building Boom—Rents Increase With Growing Demand For Places To Live

CLEVELAND, April 28.—An acute shortage in homes and apartments exists in Ohio, Kentucky and West Virginia.

Home building, halted by the war, has been further retarded by high prices.

Rents, which soared to figures never before known under the impetus of the shortage and the high rates of pay in all industries have not undergone any deflation process, in fact many cities report even higher rents asked by landlords for desirable property.

Labor trouble impedes in many cities, while strikes are delaying building programs in others, and the uncertainty as to the scale is preventing the signing of contracts for homes by owners and those wishing to build for rental purposes.

Thus briefly, is summarized the result of a survey of conditions conducted by the International News Service.

"Never was the demand for homes so acute as it is today," declared a large contractor today. "A return to normal conditions here and in other industrial centers waits only upon an acceptance on the part of labor of the workings of the law of deflation. A reasonable reduction in the present high wage scale paid to men employed in the building trades means an era of home and apartment building unprecedented in many years. Wages should come down to as near the people homes as reasonable prices."

On the other hand leaders among the trades involved declare that in cities where wage reductions have been accepted that contractors have merely pocketed the difference and that the builders, not the home owner, has benefited.

In the first three months of 1921, 563 permits for dwellings were issued by the city of Cleveland. This compares with 454 in 1920 and 463 in 1919, the first year after the war. In the same period 23 permits for the erection of apartments were issued this year, compared with 16 last year and the same number in 1919.

When it is seen that the normal increase in the city's population is more than 50,000 annually, the inadequacy of housing can be appreciated.

Rents are not decreasing, but the rapid increases that were a marked feature a year ago are not now in evidence. High costs of labor, and material, as well as the present industrial situation all tend to keep building at a minimum.

### JACOB RODOCK DIES AT KEENE THURSDAY AFTER LONG ILLNESS

Jacob Rodock, aged 64, died at his home one half mile north of Keene Thursday morning at 6 o'clock following a three years' illness from a disease known as Madura foot. The disease was of a malignant nature. The foot was amputated last October and within the next two weeks another operation was performed upon the patient.

Jacob Rodock was born May 15, 1857 in Jefferson-twp in Coshocton-county on a farm. He spent almost all his life in Tiverton and Jefferson-tps. He moved to Keene five years ago.

While in Tiverton, he became affiliated with the Evangelical church. He was an active member of the church and took a prominent part in religious work. His membership with the Evangelical church was something he highly prized.

Miss Lucinda Linebaugh, Jefferson-twp became Mr. Rodock's wife in September, 1888. To this union the following three children were born, Ray E. Rodock, Saginaw, Mich.; Harley W. Rodock, Springfield, O., and Mrs. C. C. Ralston, Nellie. They survive. Five grandchildren survive.

His first wife died ten years ago. He re-married, to Miss Nora Hart, five years ago in March. She also lived in Jefferson-twp. No children to this union were born. She survives.

Mr. Rodock was honest and industrious and he was always ready to help the needy. He was a good neighbor and a progressive farmer.

The funeral services will be conducted Sunday afternoon, the funeral procession leaving the late home at 1 o'clock. Services will be held in the Keene M. E. church with Rev. E. L. Zachman, of Nellie in charge, assisted by Rev. F. G. Williams of Keene.

Burial will be made at Darling Run cemetery.

One sister, Mrs. Henry Speckman, of New Castle, died seven years ago.

### RENTALS ASCEND IN THE CAPITAL CITY

COLUMBUS, April 28.—There is a gradual increase in rentals ranging from 25 to 50 per cent in Columbus.

Rental for office space has jumped in many instances from 35 to 100 per cent in the past several weeks.

Of the 100,000 workmen in Columbus, not over 50 per cent have experienced a cut in wages during the past year. Wage reductions which have been in spots, range from 10 to 20 per cent.

Prinade De Bearn, counsellor of the French embassy, stated that no instructions have been received from the French foreign office and that Ambassador Jusserand is out of the city and will not return until tomorrow. Prince De Bearn said that he is in receipt of a number of cablegrams from the French foreign office but they will not be decided until late today, and until then it is not possible to tell whether they concern the reparations proposals.

### Judge Houck Speaks For Roscoe Class

The Roscoe high school commencement is to be given this evening at the Roscoe M. E. church in honor of the eight seniors who are to graduate. Judge of the Court of Appeals, Lewis B. Houck, will give the principal address.

The program includes music by Harold Stevenson's orchestra and orations by the seniors who graduate. Other brief addresses of importance will be given on the program.

Mrs. Berl Dwiggins, Conesville; Miss Carrie Mapel, daughter of Chief of Police John Mapel, 216 Cambridge-st; and Mrs. Charles Cochran, Buckeye City, were dismissed from the City hospital Thursday.

LONDON, April 28.—The German indemnity proposals are unanimously considered inadequate by the allies, Premier Lloyd George announced in the house of commons this afternoon.

PARIS, April 28.—France remained unshaken today in her demand that the allied armies advance further into Germany on Monday and occupy the Ruhr district. There was every indication that Premier Briand will insist upon further military penalties on Germany when he goes to London to attend the meeting of the Supreme council.

Closer study of the indemnity proposals of Germany has not awed France from her attitude of greater sternness towards Germany. On the contrary the French announce that they are more firmly convinced that the guarantee offered by the Germans is not sufficient.

The reparations commission acted under article 233 of the Versailles treaty in formulating the amount of Germany's indemnity obligations.

This article says in part:—"The amount of the damage for which compensation is to be made by Germany shall be determined by an inter-allied commission to be called the reparations committee and constituted in the form and with the powers set forth hereunder and in annexes I to VII inclusive hereto. This commission shall consider the claims and give the German government a just opportunity to be heard. The finding of the commission as to the amount of damage defined shall be concluded and notified to the German government on or before May 1, 1921.

Premier Briand has instructed M. Jesserand, the French ambassador at Washington, not to communicate the new German proposals to Paris. The premier, backed up by his cabinet and by parliament has already decided that the German offer is unacceptable to France and cannot be discussed in its present form. Whether any ex-changes have taken place between Paris and London dealing directly with the rejection of the German proposals was not revealed.

The reparations committee was summoned to meet today to submit to the Germans the total indemnity bill. It was reported that the committee had put Germany's war obligation to the allies at from 130,000,000,000 to 135,000,000,000 gold marks.

This represents the capital sum of Germany's indebtedness that she would have to pay if she were able to meet her debt at once. The original amount fixed by the allies in Paris—226,000,000,000 gold marks—was to have been stretched over a period of 42 years and included interest in installments.

WASHINGTON, April 28.—The next step to be taken by the United States in the negotiations concerning the new German reparations proposals promised to meet with delay today.

At 1 o'clock, the state department had received no official word from any of the allies that the proposals are inadequate.

Prinade De Bearn, counsellor of the French embassy, stated that no instructions have been received from the French foreign office and that Ambassador Jusserand is out of the city and will not return until tomorrow. Prince De Bearn said that he is in receipt of a number of cablegrams from the French foreign office but they will not be decided until late today, and until then it is not possible to tell whether they concern the reparations proposals.

Secretary of State Hughes continued to refuse to discuss the situation.

### McMichael Goes To Boston Treasury Post

Charles C. McMichael, who has been visiting with his mother, Mrs. Sarah McMichael and brother W. A. McMichael in Keene, will leave Friday for Boston.

Mr. McMichael has been employed for the past four years in the Detroit division of the United States Treasury department. He was recently transferred to the Boston division of the same department, and will report there for duty May 2.

## PHI SIGS PLAN A MUSICAL COMEDY HERE MAY 18-19

The members of Lambda chapter of Phi Sigma Chi under the direction of George Deacon, of Zanesville, are to give a musical comedy play at the Sixth Street theatre, Wednesday and Thursday nights, May 18 and 19. The show is to be a local talent affair. This probably will be the last stage and home talent play at the local theatre this season.

Some of Coshocton's most prominent young men and women will take part in the play entitled "Phoebe." The play is a musical comedy thru and thru with lots of comedy, music and jokes to make it a success.

The first rehearsal was held last night and practically all the cast was chosen. A second rehearsal is called for this evening.

## Germany Wants Troops Withdrawn

WASHINGTON, April 27.—The withdrawal of U. S. troops from Germany is asked in a resolution introduced in the house today by Representative Fish, New York.

## NEWARK HAS ACUTE DWELLING FAMINE

NEWARK, April 25.—The housing situation in this city is not relieved and there is very little building. Rents instead of decreasing are going up. Five room modern apartments are renting for fifty and sixty dollars.

There is no marked movement in building because of the high prices of labor and material, the latter having declined but slightly. Plumbers, electricians and tanners have been on a strike here for the past five weeks with no indication of adjustment.

## CANTON BUILDS TO ALLEVIATE A DIRE NEED OF DWELLINGS

CANTON, April 28.—Canton's housing shortage is being overcome by a great increase in home building. Rents are not decreasing here, except in cases of persons who room.

A new scale of wages for the building crafts is expected to be announced Thursday.

Carpenters, bricklayers, etc., will be cut from \$1.12 to probably 99 cents an hour, by the contractors' association. Canton is known as an "open shop" town, the crafts not being strong here. A number of business blocks are contemplated, but at present building is confined mostly to dwellings and small operations.

## West Lafayette Woman Is Still Seriously Ill

The condition of Mrs. Henry Thompson of West Lafayette, who is seriously ill at her home suffering from pneumonia, is unimproved.

## MIDDLETOWN FEELS HOUSE SHORTAGE AS MERE INCONVENIENCE

MIDDLETOWN, April 25.—With the demand considerably less than at any time in six months but still greater than the supply, houses for rental here are at a minimum, nor is there any decrease in rents. In fact realtors predicted a slight increase if any change at all, in spite of the fact that there has been a general decrease in wages throughout the city.

Building is at a standstill, only eleven building permits for dwellings having been issued during the month of April and realty companies do not anticipate any building activities whatever.

## LAWNMOWER'S POWER FURNISHED BY 'GAS'

The motor-driven lawnmower has made its debut in Coshocton.

Thursday morning, Robert Stevenson of the Stevenson store on north Third-st demonstrated on the court house lawn the merits of the new lawnmower. A number of county and city officials were present at the demonstration.

The mower cuts an 18 inch swath of grass, very neatly. It is controlled from a handle bar. The gasoline is fed to it in a steady stream which is adjustable. The machine is built compactly, the motor, oil and gasoline tank being placed in an enclosed space over the cutting blades.

It is not known whether the city will buy one of the machines or not. Such a purchase was suggested by H. E. Norris, president of the council at council meeting recently. He suggested that a motor driven machine be put for use in the two cemeteries.

## BABE SAYS NOT A WORD BUT PAYS A \$25 FINE

NEW YORK, April 27.—George Herman (Babe) Ruth, home run king of the New York Yankees was fined \$25 for speeding today in the traffic court by Frederick House, magistrate.

The traffic court, corridors and the sidewalk outside was jammed with men and boys eager to see the "colossus of Swat."

The complaint charged Ruth with speeding at 27 miles an hour on

## SHE WASN'T SICK, BUT HER CHILDREN WERE

Six Months of Care and Worry Were Too Much For Her

### GOT THIN, NERVOUS, TIRED

Her Brother-in-Law, a Doctor, Said She Was Anemic, and Advised Pepto-Mangan

Here is a story of a strong, vigorous mother who knew what ill-health was. But three years ago her two little boys got into the habit of being sick.

Six months of care and worry were too much for her and brought to light the fact, that, with all her apparent vigor, she really was anemic. She lost flesh, couldn't sleep well and got nervous.

Then the doctor (her brother-in-law) prescribed Pepto-Mangan.

She said: "Fred explained a lot about the special sort of iron-content in Pepto-Mangan, and a lot of other things that I don't understand, but what I do understand is that a bottle of Pepto-Mangan is always going to be in my medicine closet as long as I live. Whatever it contains, I don't know or care, but I do know that it builds me up when I get run down, and that's enough for me."

Guido's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Guido's Pepto-Mangan. When you order, be sure the word "Guido's" is on the package. Without "Guido's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists. Advt.

Broadway last Wednesday.

"Have you anything to say?" Magistrate House asked.

"The Babe" stood on one foot, then on the other, fumbled with his yellow cap, chewing gum and grinning.

"No sir, not a thing," he finally answered.

"I'm going to let you off as light as I can," said the magistrate.

"Will you pay \$25 please?"

"Where do you pay?" asked Ruth, drawing a big wad of bills from his pocket.

He paid the fine and then had to fight his way thru the crowd outside to his automobile.

## LABOR TROUBLE AT STUEBENVILLE HOLDS UP HOME BUILDING

STUEBENVILLE, April 28.—Building activities in this city are practically at a standstill as a result of a strike of the building trades which has been in progress for three weeks. Building of every kind is affected by the strike which includes this entire district.

Prospects for building in this community are of the brightest if the difference between the strikers and the master builders are adjusted.

The house shortage is acute and industrial outlook the worst in the city's history.

## HOMES FOR SALE, NOT RENT, STAND VACANT AT ELYRIA

ELYRIA, April 28.—Altho there are some vacant houses the house shortage here is acute. One company has sixty houses, built last year, mostly town houses, which are held for sale only. It is not stationary or advancing in any way.

Wages in factories have been materially reduced with contractors and building men logging heading over 20 per cent wage cut demanded by the unions which appears may be settled by maintaining closed shop, and union men accepting cuts.

## MARION NEEDS A LOT OF DWELLINGS

MARION, April 28.—The house shortage here has been acute since 1918. Wages are being reduced ten to twenty per cent, rents are increasing and hundreds of men have been laid off.

A house that before the war rented for \$12 to \$15 a month now rents for \$15 and \$20 a month. Many rent for \$25 to \$35. Such rentals before the war were unheard of here.

Building prospects are gloomy, lumbermen say, owing to the high price of lumber. No houses have been built here for rental purposes for years. Officials say that Marion's growth has been greatly retarded by a lack of available houses.

## RENTS INCREASE AS AKRON PEOPLE FILE BACK TO FACTORIES

AKRON, April 28.—Owing to labor conditions and the price of lumber there is small prospect of the house shortage in Akron being materially decreased this year. Carpenters and builders are demanding \$1 and \$1.25 per hour and this has served to retard operations.

Akron is short many homes, altho the congestion has been somewhat relieved due to many of the rubber workers returning to their homes in other communities. A few rental properties are now on the market.

Rents which decreased soon after the slump came last fall are beginning to stiffen as more men are being employed at the rubber plants. Advance-

es of from \$5 to \$10 per month are being made.

Building prospects are nil, due largely to a new wage scale to become operative on May 1. The building contractors have offered 90 cents an hour but the bricklayers, carpenters and plasterers have rejected the proposal.

Several large contracts under construction have practically ceased work due to the wage situation. Small home builders are doing no work at all on account of high material cost.

## GERMANY WANTS TO PROLONG THE AGONY

LONDON, April 28.—It was understood in diplomatic circles this afternoon that Germany will propose making annuity indemnity payments to the allies for a longer period than 42 years, the length of time fixed by the allies in their Paris decision. The foreign office has not yet received any reply to its communication to Berlin yesterday asking for further details of the new indemnity proposals especially the amount of interest Germany will pay and the number of years that the payments will extend over.

## Muscular Imbalance

Anyone who speaks or sings in public whose voice is apt to grow husky or weak from the strain, will find that one Oxidaze tablet slowly dissolved in the mouth before speaking or singing, will make a world of difference. The voice stays strong and clear and natural even during an unusual strain. Thousands of people have testified to the remarkable value of these pure essential oil tablets, which bring such quick relief in cases of Hoarseness, Loss of Voice, Soreness, or Tickling in Throat, Bronchitis, Bronchial Irritation, Bronchial Asthma, Coughs, Colds, and as a preventative against Grippe, Influenza and Pneumonia.

One small inexpensive package of "Oxidaze" tablets will quickly prove the value of pure essential oil in cases of this kind; if they are always kept in the house for use in case of an emergency, they may save you many days of serious illness or discomfort. Have you forgotten that Marguerite Clark will be at the Pastime theatre, Tuesday and Wednesday, May 3rd and 4th, in "A Girl Named Mary"? Any picture that provides the public with an evening of pure joy and good, wholesome laughter is relished these days. "A Girl Named Mary" doesn't make any pretensions of being anything else than 100 per cent entertainment. It features Marguerite Clark, certainly one of the most popular and engaging stars on the screen. Clark pictures are attractions for the whole family and no one class of people has the monopoly on the desire to be amused. Your folks will appreciate the dainty little star in this one.

## GOD'S WARNING TO ISRAEL IS THEME WEDNESDAY NIGHT

The meeting at Grace M. E. church last night was intense in interest. Miss Millar's message was founded upon the 1st chapter of Isaiah. Especially the 2nd, 3rd, and 15th verses, which read, "Hear, O heavens and give ear, O earth; for the Lord hath spoken. I have nourished and bred up children and they have rebelled against me. The ox knoweth his owner and the ass his master's crib, but Israel doth not know, my people doth not consider. Come now let us reason together, saith the Lord. Tho your sins be as scarlet, they shall be as white as snow; tho they be red like crimson, they shall be as wool."

She said in part: "It is a pitiful thing when the soul can forget God. The sin of ingratitude is appalling in its effect upon the soul. That the soul should become so stupid as to gather other things into the life to the exclusion of God, is alarming in the extreme. The very domestic beasts are pictures that provide the public with an evening of pure joy and good, wholesome laughter is relished these days. The ox will low in recognition and the ass will neigh in gratitude but the soul may become so stupid spiritually, that God may be all about him and he will not recognize God. She spoke of the goodness of God in the bestowment of multiplied blessings, even to the blessing of consciousness itself; the material blessings that sweeten life; the blessings of light and color and harmony; the green hills and the flowers; and the harvests, together with the blessings of providence, demand the gratitude and the obedience and the worship of the soul. The goodness of God is manifested in that He has continued these blessings despite the ingratitude and stupidity of the recipients; but He calls out now, that the time has come when they can be continued no longer. The ingratitude and the indifference has nauseated Him and it must cease. Their very pretense at religion has become an offense in His lifeless forms, while other things get the affections of the heart and the strength of the life.

The time had come when a line must be drawn; when the world may know the difference between "Him that serveth the Lord and him that serveth him not." Miss Millar compared the idolatry of those early days of Israel with the idolatry of modern customs. She pointed out the character of the practices that shut God out of the lives of ancient Israel, and showed that any custom that crept into the lives of modern men and women stealing away the beauty of their

devotion and absorbing their lives and leading to neglect of God, is idolatry as damning as the idolatry of old.

She showed the evil effects of the social practices of today, that fill up the lives of the masses and shut them out from God; how the soul ceases to function as a worshipper but is in a very whirl of self gratification.

Men and women in their eagerness for the things of the world, will lend their influence to these idolatrous practices while the church suffers from their inconsistency and the youth arise, pledging themselves. A vast majority arose.

She will speak tonight, by special request, upon the "Second Coming of Our Lord." The Sunbeam Chorus of Israel will fail.

Miss Millar then made a most tender appeal, in the language of God Himself in which she voiced the pity of God in His eagerness to save his people from themselves, saying:

"Come now let us reason together, saith the Lord: tho your sins be as scarlet they shall be as snow; tho they be red like crimson they shall be as wool," and called upon the audience to stand out against the modern practices that sap away the vitals of the soul. She asked those who would put these things out of their lives and out of their homes to arise, pledging themselves. A vast majority arose.

## Adding To The Arraignment

**A** GAIN the experts in the employ of the railway unions have called the attention of the Railroad Labor Board and all whom it may concern to alleged leakages in railway resources. The first broadside of the unions, transmitted thru the spokesmanship of W. Jett Lauck, was the charge that the present business depression was, partly at least, handmade in Wall street for the purpose of reducing labor to humility.

The second specified charge was the wastage of \$1,000,000,000 thru inefficiency of management. This was the most

important of the charges in that it involves the largest drain and also in that its correction lies within the province of the Interstate Commerce Commission, which may use its rate-making power as a club to enforce any administrative demands within reason.

The third and last of the labor exhibits holds that between the years 1910 and 1919, a period when stock watering was supposed to have been checked, fictitious capitalization to the tune of \$692,000,000 was issued by 20 leading railroads. Other financial outlays of which the properties were bled, including bonuses, improper methods of marketing securities and financial mismanagement, according to the exhibit, would bring the total financial leakages to more than \$1,000,000,000, for which a perpetual return must be made from railway income.

This elaborate and damning arraignment, of course, is ex parte. The defense of the carriers is yet to come. But with so much smoke of experts and specified charges, is it not reasonable to expect some fire? Only a fraction of the charged wastes and leakages deducted from the nation's annual freight bill would make a substantial difference in rates.

## AN OPEN LETTER TO WOMEN

**Mrs. Little Tells How She Suffered and How Finally Cured**

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement.

A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did." — Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

## NAME OF THIS PRISON SHOULD BE MT. GRIEF

DUBLIN, April 27.—While his wife and ten children knelt outside of the jail walls sobbing and praying Thomas Traynor, a Sinn Féin leader, was executed at Mount Joy prison this morning. Traynor was hanged.

As the execution bell rang in the prison yard the great crowd which had gathered outside fell upon its knees and cries and lamentations filled the air.

Traynor was found guilty by court martial of murdering Cadet Parrell, of the British military police on March 14.

Ireland again passed through a bloody week end. One constable was killed and several others were wounded in a fight between policemen and republicans near Maam in county Galway.

A police inspector was killed and two policemen were wounded when a military lorry fired by mistake upon a police motor near Gormanstown.

Fighting lasted nearly twenty-two hours at North Louth and South Armagh. A Sinn Féin leader who had been captured was shot through the jaw while trying to escape.

Several constables and civilians were wounded in an explosion at Limerick.

### SPRING FEVER THURSDAY Health Talk NO. 61.

By R. E. Lynch, D. C.,  
Chiropractor.

—Spring fever as it is commonly known is not a fever in the sense that there is temperature. It is in reality just a polite name for the lassitude which steals over the out-of-tone body in the first warm days of spring.

—There is a drowsiness and lack of energy, hot flashes and headache. The condition is due to under-elimination by the bowels and kidneys. In other words, the poisonous wastes or bowels and kidneys are not being thrown off fast enough. Those who suffering from constipation are the first to feel the fever of spring.

—There is nothing that invigorates the function of the body like chiropractic spinal adjusting. There is no tonic that will equal it, and no tonic that should ever be considered in its stead, for the adjusting tonic, is simply

a release of the power inside the body. You don't need a tonic, you need freedom from nerve pressure. Spring fever is a real and not a fanciful disease, and is neither mild or harmless.

### CHRONIC CONSTIPATION

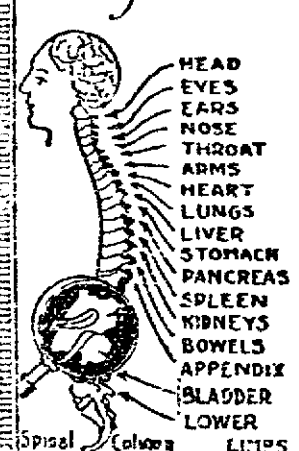

"I took everything, including artesian baths, for chronic constipation. Rheumatism was part of my grief. Adjusting ended both ailments and there has been no return of either." Chiropractic Research Bureau Statement No. 1601.

The Mount Dispute school closed last Saturday with a picnic dinner. Mr. Leander Lowe and Kenneth Patterson attended the funeral of Charles Fair at Wilmet last Thursday.

### First Campaign Emblem.

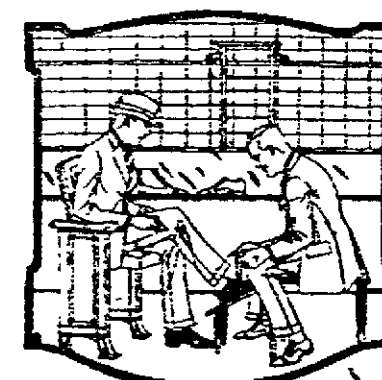

As far as known, the first campaign emblem was a finger ring of copper. It was worn by the adherents of John Quincy Adams in 1824, when he ran for president, and was inscribed "John Quincy Adams, 1825." Tintypes and medallions were among the insignia of the 1860 campaign.

### Sardinia's Wheel Windows.

Many of the medieval Sardinian churches had fine wheel windows in their west fronts, writes A. R. Giles in the Journal of the American Institute of Architects, but the greater number of these have had their tracery ruined by being walled up in order to put a kitchen glass window in the middle.

## SIMONS RESIGNS AS FOREIGN MINISTER; ABHORS OPPOSIT'N

BERLIN, April 27.—Dr. Walter Simons, German foreign minister, has tendered his resignation to President Ebert as a result of the bitter opposition of the industrial interests against the new indemnity proposals but the president refused to accept the resignation, it was learned today. Conciliators from various political parties have requested Dr. Simons to remain in office until the reparations negotiations are concluded.

Members of the Reichstag were hostile in their criticism of the indemnity offered.

### ACCOUNTS FILED

The trip includes northern Scotland; Christiania, Norway; Lisbon, Portugal; Gibraltar, Spain and Guantanamo, Cuba returning August 29th to Annapolis.

## ALLIES ARE NOT AGREED UPON THE INDEMNITY OFFER

WASHINGTON, April 28.—There were indications today that the allies are not in complete accord in their initial view of the new German indemnity offer made through the United States government.

While the British foreign office has asked Germany for further elucidation regarding part of the proposals, French officials at Paris frankly declared that the offer is not acceptable to France.

French objections were based upon the contention that the proposals are vague, fail to offer sufficient guarantees and do not measure up to the amount of indemnity that Germany should pay.

It was reported that Secretary of State Hughes had sent a communication to Berlin asking for further guarantees and suggesting the elimination of some of the conditions but formal denial was made at the state department.

## If Your Hair Is Thinning

Strengthening and enlarging the roots of the hair is one of the real secrets of forcing hair to grow. Something which has heretofore not been realized. Merely stimulating the surface tissue of the scalp will not stimulate the hair growth to the extent desired. By the new method just mentioned

hair can be forced to grow several inches a month. Hair will stop falling as if by magic. The new vigor of the hair will be quickly noticed, and all bald spots will be soon entirely filled out with new growth. This can all be easily obtained by the simple use of our drug store. It can be secured at any drug store. The original one-ounce package. This can be mixed at home with a half pint of bay rum and a hair oil of water, or with witch hazel, if you prefer. It contains no oil whatever.

To Have the Arm (Pits) Soft and Free from Hair

You can be sure that there is but one sensible way to remove hair from the arm pits, and, in fact from any part of the body. It is foolish to "burn" them, irritating and spotting the skin. Just moisten the hair with soft solution. This will actually dissolve away the hairs completely, and leave the skin superlative soft and smooth. It will not irritate the most delicate skin. Soft solution may be obtained at nearly any drug store.

Something Better Than Soap for Washing a Head-Wash

As to head-wash, you are advised against using soap or the many shampoos sold because of the alkali they contain. This dries up hair secretions. Get a package of eggol at the drug store and dissolve a teaspoonful of it in half a cup of water. You can get enough eggol for twenty-five washes. It is made in cleansing hair and scalp, and aids wonderfully in making hair grow.

ment that any such note had been forwarded to Germany.

In the meantime Secretary Hughes has maintained absolute silence upon the matter.

The political group in France that demands the occupation of the Ruhr district is making a strong fight to impose further military penalties upon Germany, irrespective of Germany's latest offer increasing the sum of reparations she pledged herself to pay.

Some French parliamentarians since Frankfurt, Bremen and Hamburg should be occupied as well as the Ruhr district. If the United States could point the way for the allies to secure approximately 228,000,000,000 gold marks—plus a 12 per cent export tax, the sum demanded under the Paris decision—without moving the allied armies of occupation further into Germany, it is certain that Italy and Great Britain would eagerly seize the opportunity. Labor is strong both in Italy and England and labor is opposing any further military demonstrations against Germany.

The German note proposed that Germany take over the allied debts to the United States if this suggestion is favorable to the allies and the United States.

## IRON TON BOOMS IN SPITE OF CROWDING

IRON TON, April 28.—There is a serious shortage of dwelling houses in Iron TON. Owing to the demand for houses there has been no decrease in the rents.

The wage situation is about as elsewhere. Practically all local plants are idle and when men return to work it is said it will be at wages of from 10 to 20 per cent reduction from the time the plants shut down.

Building prospects are good, one hundred dwelling houses are being erected, a million dollar bridge over the Ohio river and a new \$600,000 high school building are making the demand for new dwellings urgent.

## KIDNEYS AILING? WATCH THE SYMPTOMS

Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot at once.

Watch the symptoms carefully. The faintest signals often indicate that the kidneys are ailing and need attention. Itchy skin for instance and little specks floating before the eyes. Sometimes the feet feel heavy, as if your shoes were full of lead. Often the joints ache of you have quick, darting pains shooting through the back or side. Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes. Occasionally the hands or feet swell slightly and the palms of the hands are moist. Don't neglect them—you cannot afford to take any chances with your kidneys.

IMPORTANT—Dr. Daniel G. Carey, the well known kidney and bladder specialist of Elmira, N. Y., who retired recently, declared that this great prescription, No. 777, "Marshroot," had helped thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores to accommodate his patients. Hereafter you can always get this effective prescription at The Wimmer-Arnold Drug Co. and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot, prescription No. 777. No other medicine can take its place.

Don't forget when you are in need of work shirts, the store, D. O. Thompson, who sells 98c shirts for 69c. Having no rent to pay we can and do sell for "Less."

## DAYTON FEELS HOME SHORTAGE; BLAME IS PLACED ON LABORER

DAYTON, April 28.—A shortage of houses, with rents standing still and little prospect of building soon, faces this section. Although the shortage is not so severe as a year ago, rents show no sign of dropping.

The wage situation is unsettled owing to a builders' proposal to cut pay, but no strikes are anticipated.

Building contractors say they cannot begin until wages and materials come down. The wage question is expected to clear up after May 1.

### CIRCUS IS COMING

They're coming to town the clown, the elephant and everything. Rhoda Royal's circus will exhibit in Coshocton Thursday May 5th for the benefit of the American Legion and with the show are a host of clowns. ## WHY BE WEAK AND NERVOUS

As a result of pale, thin watery blood—Nuxated Iron will help make you strong and well again; it has been used and highly endorsed by former United States Senators, Judges of U. S. Courts, many physicians and prominent men. Even the Pope at Rome has written especially of the merits of Nuxated Iron in a communication to the Pharmacie Normale. Over 4,000,000 people are using it annually to help build red blood, strength and endurance. At all drugists.

## DAYTON FEELS HOME SHORTAGE; BLAME IS PLACED ON LABORER

known as producers, fellows who carry their own troupes of funsters and their own props, as the paraphernalia of their acts called. These fellows have built burlesques of every event now being recorded in the daily press.

They ride on a tableaux wagon in the street parade and constitute the funniest jazz band this side of the equator. Big clowns, little clowns, fat clowns and slim clowns they all puff luttly on their horns and trum-puff while the wagon goes rolling along. In the performance they have a hundred stunts which they pull in the rings, on the stages in the air and on the hippodrome track.

They are always on the job.

They are always on the job.

**FOR SALE**—1920 Nash touring car, good paint and tires. Priced to sell. Coshocton Buick Co.

**FOR YOUR TAXI SERVICE** call Chaney Sales Co., day or night. Phone 747.

Look Over Your Tires. Inspect Them Carefully.

—When you've gone all over the "old bus"—tuned her up, and she's running like a clock—

—Then, before you wipe the grease and grime from your hands, there's just one more thing to do—

—Examine the tires. Inspect them carefully. Don't merely give them a casual glance to see if they are inflated hard enough, but search for cuts, bruises and worn spots in the casings. It only takes a few minutes to inspect them, it may mean another thousand miles.

Tires are subjected to some rough usage—bouncing over sharp stones, car tracks and oftentimes, broken glass. In a great many cases blowouts could be prevented by taking the time to look for their cause—small cuts and holes—and getting them repaired.

Remember, we are at your service at all times. We have the material, equipment, the help and the intention to deliver vulcanized repairs that will stand up.

—We have some real bargains in new tires. Used tires, all sizes, all prices. We furnish road service.

**NO HOMES LACKING TENANTS IN CINC**

CINCINNATI, April 28.—Practically no residences are for rent in Cincinnati and suburbs. Considerable building of homes is being done, but they are mostly of the medium priced variety.

Rents have not decreased and in numerous instances have been advanced. Wages have been reduced in a few instances and a number of workmen are idle, but skilled labor in general has undergone little reduction.

### DIAMOND DUST

The fine pitching of Holland and Sutherland for the Tigers featured Detroit's victory over Cleveland, breaking a string of six wins for the Indians.

Bernie Neis's pinch single helped the Dodgers tie up the score against the Giants, and Bernie then came home with the winning run on Johnston's single.

Cecil Causey weakened in the seventh inning long enough to permit Boston to score four runs which defeated the Phillies.

Bressler's single with the bases full in the first inning gave the Reds a lead that Chicago could not overcome.

Timely hitting by Bigbee, Maranville, Outsbath and Whitted enabled the Pirates to defeat St. Louis.

Duffy Lewis and Mogridge played prominent roles in the second defeat of the Yankees by Washington.

George Kelly of the Giants got his fifth home run of the season in Brooklyn, thereby tying Babe Ruth's mark.

### BUILDING BOOMS IN HUNTINGTON, W. VA.

HUNTINGTON, W. Va., April 28.—Building conditions are good here. Prices of lumber and building supplies with the exception of brick and labor have dropped materially. There are now nearly 500 houses and a number of business buildings under construction.

The demand for houses is ever increasing, despite the number which are being built. Growing population is probably the cause for the constant demand for houses, either for rent or for sale.

### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Sage's Sage and Sulphur Compound" which is money's worth of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

### MARINE WORKERS WILL NOT ACCEPT WAGE CUT

WASHINGTON, April 28.—Admiral W. S. Benson today proposed a 15 per cent reduction of wages as the basis for settlement of the threatened marine strike.

Admiral Benson, addressing the conference of ship owners and representatives of marine workers declared that "economic conditions at the present time fully warrant a reduction in marine wages."

"I am convinced that the amount of this reduction must be not less than 15 per cent on the present wage scale. The marine workers won't accept 15 per cent or any other reduction," said W. S. Brown, head of the Marine Engineers association.
